Nepal officially the Federal Democratic Republic of Nepal

Nepal is a country of highly diverse and rich geography, culture, and religions. The mountainous north has eight of the world's ten highest mountains, including the highest, Sagarmatha, known in English as Mount Everest. The fertile and humid south is heavily urbanized.

A monarchy throughout most of its history, Nepal was ruled by the Shah dynasty of kings from 1768, when Prithvi Narayan Shah unified its many small kingdoms. In 2006, however, decade-long People's Revolution by the Communist Party of Nepal (Maoist) along with several weeks of mass protests by all major political parties of Nepal culminated in a peace accord, and the ensuing elections for the constituent assembly voted overwhelmingly in favor of the abdication of the last Nepali monarch Gyanendra Shah and the establishment of a federal democratic republic in May 28, 2008. The first President of Nepal, Ram Baran Yadav, was sworn in on 23 July 2008.
