Are you considering buying a stamp off the Internet, but aren’t sure it is properly identified? Or maybe you have a question about a stamp you already own.

Quick I.D. is at your service!

Since 2005, one of the most popular APS member services.

We can help identify that troubling stamp at a substantially lower cost than through the formal certification process offered by the American Philatelic Expertizing Service (APEX).

For the collectors who have scanning capabilities, the online process is particularly easy and quick. All you have to do is provide a scan of each item you wish identified and send it to Quick I.D. as a .gif or .jpeg. Send as many scans as you wish, but please, send only one item per scan. Blocks, covers, or sheets will be counted as a single item. Sets of stamps may be submitted in a single scan, but the identification will usually apply to one stamp in the set.

Go to www.stamps.org, log in with your e-mail and password, select the Services drop-down menu, then click on Stamp Identification. Follow the easy step-by-step instructions. (www.stamps.org/Stamp-Identification)

Once Your Items Are Uploaded

Within four working days you will receive an e-mail with a link to your Quick I.D. Report. We will not expertize any item without actually examining it in person, but it is surprising how much you can tell about a stamp or cover from a good scan. If questions about the authenticity of an item arise from viewing the scan, we will recommend that you submit the piece to APEX for a definitive opinion on its genuineness or condition.

For members without scanning capabilities, you may submit a good quality color photocopy of the item in question. Send the photocopy, along with a print out of the submission form (www.stamps.org/Submit-by-Mail), to Quick I.D., 100 Match Factory Place, Bellefonte, PA 16823. Please remember to include a check and/or credit card number as indicated on the form to cover the Quick I.D. fees. For fastest service, include your e-mail address and you will receive an e-mail with a link for you to view the Quick I.D. report on your item. Please note, photocopies will not be returned.
